- Subject: [Pediatrics](#)  
[UBC SMP](#)
- Abstract: Trusted by generations of residents and practitioners, The Harriet Lane Handbook remains your first choice for fast, accurate information on pediatric diagnosis and treatment. The first medical reference book written by residents, for residents and reviewed by expert faculty at The Johns Hopkins Hospital, it continues to provide the gold standard in point-of-care clinical information for any health care professional treating pediatric patients. Take advantage of the most dependable drug information available with thoroughly updated, one-of-a-kind Pediatric Formulary providing the standard of pediatric care from the leading pediatric hospital in the world. Trust thoroughly updated content that includes parameters for pediatric and neonatal septic shock; guidelines for acute management of severe traumatic brain injury; a convenient table detailing common genetic tests; a significantly extended collection of radiologic images; expanded mental health coverage; plus much more. [eBook]
- Notes: Preceded by the Harriet Lane handbook / editors, Megan M. Tschudy, Kristin M. Arcara. 19th ed. c2012.  
Includes bibliographical references and index.  
eBook version: Limited user access (1 copy available).
