Abstract: What causes absenteeism, low morale, office gossip and back-stabbing? What can a leader do to get better results and increased engagement? What do employees say would increase productivity and why does the workplace bully keep getting "away with it" right under the bosses nose? Would a more positive work environment increase profits and improve customer service? What if you could get into the mind of your employees to hear how they think? What if you knew exactly how to influence them, how to motivate them and how to perceive fairness? Are you a good boss or a bad boss? What do your employees know about you that you do not know? This presenter will even read excerpts from employees who shared their secret thoughts through surveys and interviews. This content-rich audio presentation is jam-packed of useful information to help you increase productivity and identify the red flags of workplace "Drama" that keeps you from fulfilling your purpose and mission.
